Beadle*

January 19, 1962

Dear Dr. Lederberg,

As you may know, Dr. George Wells Beadle, President of The University of Chicago, will be the guest scientist on "Science in Action" on Monday January 29. Dr. Beadle's subject will be "The Miracle of Genetics".

To extend our San Francisco hospitality to Dr. Beadle and to indicate appreciation for what we already know will be a fine program, the staff of "Science in Action" cordially invites you to a men's dinner honoring him and other Nobel laureates in California. We will gather at Kan's Restaurant, Grant Avenue, Monday evening after the television program, at about 8 o'clock.

I'll be glad if you will let us know whether it will be possible for you to join us. The telephone here in the Television Department is BA 1-5181. I hope we will have the pleasure of your company on Monday next.

Sincerely,

Benjamin Draper

Beadle

*call back -
really very sorry can't make it
would have liked to
be following from
travels to Dr. Beadle.*
